INSIDE SCOOP: Expert Advice From Tim Gunn, Aerin Lauder,
David Tutera, Christian Siriano & more

**CHATTING WITH
christian
siriano**

We got the scoop on the designer's first bridal collection.

**what attracted you to
bridal fashion?**

I love the idea of bridal being in a dreamy, fantasy world. A wedding is a time where you can take risks and wear an elegant evening gown or an over-the-top ball gown.

**is there a trick to pulling
off a fashion-forward
wedding dress?**

It takes a pretty confident, powerful bride to wear a dramatic dress. You don't want the gown to overpower you—that is super important.

**what trends are you
loving right now?**

Even though I love a big ball gown, I also really love the clean, minimalist look. The minimalist bride is an important bridal fashion trend.

we love the cooling sensation of this mask
